

UNIVERSITY OF HELSINKI

## ANNOUNCEMENT

The First International Meeting on Food Control Research will take place in Helsinki, Finland, October 15-17, 2008.

What is the true impact of control on food safety? How is the impact reliably evaluated? What are the scientific means of food control research?

Researchers of food control are invited to present their work and to participate in discussing the research methods, the present state of the research and the future prospects.

Selected and reviewed presentations will be published in Archiv für Lebensmittelhygiene.

Preliminary programme and registration will be available through [www.vetmed.helsinki.fi/english/dept\\_hygiene.html](http://www.vetmed.helsinki.fi/english/dept_hygiene.html)  
The number of participants will be limited to 50.

Organized by: Department of Food and Environmental Hygiene  
Faculty of Veterinary Medicine  
University of Helsinki
